

OSHA is significantly beefing up enforcement & raising its penalties to 'provide a disincentive to those who accept worker injuries as an unavoidable part of the cost of doing business'

OSHA

Ohio OSHA Voluntary Compliance—General Industry 10-Hour Course

Cincinnati & Dayton: Tuesday & Wednesday, April 27-28, 2010
Cleveland & Akron: Tuesday & Wednesday, May 4-5, 2010
Columbus: Tuesday & Wednesday, June 8-9, 2010

- 10.30.09 New Release—OSHA announced it is issuing **by far the largest fine in history, \$87,430,000** — to a company for its failure to correct potential hazards faced by employees. The previous record penalty was \$21,000,000. OSHA is significantly beefing up enforcement & raising penalties.
- **One in 10** workers will suffer a work-related injury this year; **every minute** of the work week, **more than 50** workers are injured and tragically **every day 21 people die** at work! Costs associated with workplace disability injuries are staggering ... over **\$290 billion annually!**

Prevent injuries & costly OSHA fines ... register today for a compliance course. At the completion of the course, you'll receive an official card from U. S. Department of Labor, OSHA, which will be useful during an OSHA inspection — it demonstrates your commitment a safe workplace and compliance with all OSHA standards

Who Should Attend

Human Resources/Personnel/Safety Directors & Managers, Entire Safety Committees
Benefit Administrators, W.C. Managers, EHS Administrators/Directors/Managers
Safety Engineers & Specialists, Plant/Operations/Facility Managers, Risk/Loss Control Professionals

Sponsored by: Ohio Chamber of Commerce,
Safety Management Corporation and
Manufacturers' Education Council

OSHA 10 Hour

OSHA 10-Hour General Industry Compliance Course will provide you with an intensive review of the most significant OSHA standards and how to keep every part of your facility in compliance.

Wilder Allen ... one of the best in the nation

The course is led by one of the leading safety experts in the nation, **Wilder Allen, President, Safety Management Corporation**. Wilder Allen gets rave reviews and makes learning fun!

"Wilder Allen was excellent. Great deal of information with excellent handouts." — Amy L. Bundy, Safety Coordinator, Milcor, Inc., Lima

"Outstanding. I now have a lot of new tools to take back and make a safer workplace." — David D. Phillips, Safety Coordinator, Owens-Corning, Newark

"(One of the) best instructors I have ever experienced in my 40+ years of attending seminars." — Lonnie R. Hinton, Corp. HR/Safety Director, B & C Corporation, Barberton

"Informative, interesting and quick moving. Entertaining and educational. Enjoyable!" — Jim Kepke, Manufacturing Advisor, The Ford Motor Co., Cleveland

Wilder Allen, is President of **Safety Management Corporation** in Evansville, Indiana. Allen is one of the nation's leading speakers and experts on safety issues. His safety and health expertise is widely sought due to his experience as a safety and health compliance officer, plant and corporate safety director and a major consultant to business and industry throughout the nation. With over 27 years of professional safety experience, he has been a safety instructor at Northern Illinois University, Eastern Michigan University and University of Southern Indiana. Allen has trained thousands of safety & human resource directors in Ohio under the sponsorship of the Ohio Chamber and the Manufacturers' Education Council.
